

REMARKS

This amendment under 37 CFR 1.312 changes the phrase "single filed" to "single file" in claim 1. This amendment places the claim in accord with agreed upon language during the telephone interview of March 22, 2005, and also corrects what is believed by attorney for applicant to be a grammatical error to claim 1. No other change to the application has been made. It is submitted that this change does not raise any new issue for consideration.

Respectfully submitted,

David S. Jacobson
